The program was successfully conducted with a total strength of 45 students.

The session began by the coordinator welcoming everyone for the event followed by an informative speech about yoga & meditation which went as follows:

Yoga is an ancient physical, mental and spiritual practice that originated in India. The word 'Yoga' is derived from Sanskrit and means to join or to unite, symbolizing the union of body and consciousness. Every year, we celebrate International Yoga Day on 21st June, since its inception in the year 2015. It has been a practice of our institution to give importance to Yoga and meditation as it gives several benefits to the one who is a regular practitioner.

All the students enthusiastically participated & looked keen to learn various techniques taught by T Surya. We conducted Yoga Asana competition and prizes were distributed to the best Yoga Asana. The session ended successfully and everyone displayed a great spirit of learning.
